

KAISE -KPB05

Solar Power Bank

Features

- Intelligent Fast Charging.
- Tier-1 lithium-ion battery cell, longer life and high safety.
- Two jack options: Type-C/Lightning port, and scalable charging head can be hidden.
- Single crystalline silicon solar panels, sustainable power supply in outdoor bright light.
- Double protection design – waterproof and dustproof.
- Compact figure, light and easy to carry with a lanyard.
- Multiple protections – overcharging protection, overcurrent protection, over-discharging protection, temperature protection, short circuit protection, etc.

General Specifications

Item	Description
Model	KPB05
Capacity	1200mAh
Input	Lightning/Type-C/Micro 5V1A Solar charge: 0.2W
Output	Lightning/Type-C/Micro 5V1A Total output: 5W
Dimension	78*40*18mm (L*W*T)
N.W.	45g
G.W.	70g
